9am to 4pm

May 28-30, 2011
6625 MT Highway 200
Plains, MT 59859

Sale is at: Lawyer Nursery, Inc.
6625 MT Highway 200
Plains, Montana 59859

Directions to sale: Located 10 miles west of Plains, MT on Highway 200 (near mile marker 66). Nursery is closed to the public except during sale hours. **PLEASE DO NOT CALL AHEAD.**

IMPORTANT! - PLEASE READ

All stock is sold bareroot. You may buy single plants or in lots of full bundles. Plants are subject to prior sale. As is customary in the wholesale nursery trade, we make NO GUARANTEE of any kind with respect to the survival and growth of our nursery stock. No returns or exchanges. Open to the public during this sale only. Please do not call ahead. Plant descriptions are of typical form; individual plant characteristics may vary.

Shrubs

Species	cost per plant	discount cost per bundle	plants per bundle
VINE MAPLE (<i>Acer circinatum</i>) Does well in shady areas. White and purple drooping flower clusters with dense foliage. Red and yellow to orange fall leaf color. Multi-stemmed tall shrub.	6.00	55.00	10
AMUR MAPLE (<i>Acer ginnala</i>) Very hardy, dense shrub with red summer fruit, fragrant flowers and brilliant scarlet-red fall color. Can prune to a small tree.	5.00	45.00	10
SASKATOON SERVICEBERRY (<i>Amelanchier alnifolia</i>) Masses of small white flowers. Red to orange fall foliage. Good wildlife food and erosion control. Fruit good for preserves or syrup. Native.	6.00	55.00	10
SHADBLOW SERVICEBERRY (<i>Amelanchier canadensis</i>) White, early spring flowers before leaves. Edible fruit, bright yellow to red fall color. Specimen, background screening, wildlife browse and cover. Fruit for fresh, cooking, preserves.	7.00	65.00	10
APPLE SERVICEBERRY (<i>Amelanchier x grandiflora</i>) Fall color yellow to deep red. White spring blooms, sweet edible fruit. Large shrub or small tree.	7.00	65.00	10
KINNIKINICK or BEARBERRY (<i>Arctostaphylos uva-ursi</i>) Ground cover, especially good for sandy soils. Bright red berries, filtered shade to full sun.	---	12.00	5
BLACK CHOKEBERRY (<i>Aronia melanocarpa</i>) Massive white flowers with spectacular brilliant red fall color. Juice sold commercially. Likes moist conditions, any soil.	6.00	50.00	10
RED-LEAF BARBERRY (<i>Berberis thunbergii</i> 'Atropurpurea') Reddish purple leaf throughout the season. Must have sun to develop red foliage color. Colorful hedge or specimen.	3.00	50.00	25
BARBERRY VARIETIES (<i>Berberis</i> var.) Rose Glow - Compact, white-green variegated rose-red foliage. Full sun, drought tolerant. Ruby Carousel - Red color, upright habit. Prefers moist, well-drained soils, full sun.	5.00	35.00	10
SPICEBUSH (<i>Calycanthus floridus</i>) Reddish brown 2" blooms produce a fruity fragrance during spring/summer. Yellow fall foliage. Disease and pest resistant, adaptable to soils, sun or shade.	3.00	50.00	25
SIBERIAN PEA SHRUB (<i>Caragana arborescens</i>) Very easy to grow drought tolerant shrub good for hot, dry areas. Yellow spring flowers.	4.00	35.00	10
FLOWERING QUINCE VARIETIES (<i>Chaenomeles</i> var.) Cameo - Double, apricot-pink spring blooms, best in full sun. Spitfire - Red blooms late winter, smaller upright habit.	5.00	45.00	10
SIBERIAN DOGWOOD (<i>Cornus alba sibirica</i>) Exceptionally colorful coral-red branches in winter. Extremely winter hardy.	3.00	25.00	10
PAGODA DOGWOOD (<i>Cornus alternifolia</i>) Golden-yellow branches, multi-stem shrub. Interplant with Red Osier Dogwood for winter stem color contrast.	5.00	45.00	10
BUNCHBERRY (<i>Cornus canadensis</i>) Low spreading, woody ground cover. Partial sun, moist soils. Cool green leaves, white to pinkish 1" blooms, followed by bright coral-red fruit.	---	12.00	5
CORNELIAN CHERRY DOGWOOD (<i>Cornus mas</i>) Specimen shrub, hedge or windbreak. Purplish red fall color, edible bright scarlet fruit.	5.00	45.00	10
BLOODTWIG DOGWOOD (<i>Cornus sanguinea</i>) Dark red twigs in winter with reddish fall color. Very adaptable, transplants easily.	2.00	75.00	50
RED OSIER DOGWOOD (<i>Cornus sericea</i>) Colorful all year. Grows rapidly to multi-stem shrub. Ideal for holding soil on steep banks. Northwest native.	6.00	55.00	10
DOGWOOD VARIETIES (<i>Cornus</i> var.) Bud's Yellow - yellow stems, medium green foliage yellow in fall. Creme de Mint™ - leaves mint green with creamy white margins. Ivory Halo™ - compact, variegated green and white foliage, red stems. Red Gnome™ - bright red stems, slender pointed leaves tinged red. Strawberry Daiquiri® - bright green leaves with white margins, red stems. Yellow Twig - golden-yellow branches. Similar to Red Osier Dogwood.	5.00	45.00	10

Deciduous Trees

Species	cost per plant	discount cost per bundle	plants per bundle
BOX ELDER or MANITOBA MAPLE (<i>Acer negundo</i>) Recommended for extreme drought and cold. Fast growing shade tree.	3.00	75.00	50
RED LEAF JAPANESE MAPLE (<i>Acer palmatum</i> 'Atropurpureum') Red-leaved strain offers exceptional contribution to any landscape. Well known for its brilliant red color.	12.00	80.00	10
NORWAY MAPLE (<i>Acer platanoides</i>) Standard street and park tree, dense dark green foliage. Bright yellow autumn color. Very adaptable, tolerating many soil and climatic conditions.	5.00	45.00	10
RED MAPLE (<i>Acer rubrum</i>) Fast growing and cold hardy shade tree. Bright scarlet fall color.	6.00	50.00	10
OCTOBER GLORY® RED MAPLE (<i>Acer rubrum</i> 'October Glory'®) Consistently develops excellent fall color, shades of bright red, orange-red to deep purple-red holding until late in season.	12.00	95.00	10
SUN VALLEY RED MAPLE (<i>Acer rubrum</i> 'Sun Valley') Fast growing and cold hardy shade tree. Bright scarlet fall color.	12.00	95.00	10
SILVER MAPLE (<i>Acer saccharinum</i>) Graceful and fast growing native shade tree. Silvery bark.	7.00	30.00	5
SUGAR MAPLE (<i>Acer saccharum</i>) Large ornamental shade tree, famous fall foliage in shades of yellow, orange, red.	5.00	40.00	10
RED BUCKEYE (<i>Aesculus pavia</i>) Multi-trunk. Outstanding 6" red candle-like blooms in May. Prefers moist well-drained sites, tolerates partial shade. Pest resistant. Prune to a tree or shrub.	5.00	45.00	10
RED ALDER (<i>Alnus rubra</i>) Fast, colonizing growth, forming thickets on disturbed sites within 5 years. Good for reclamation uses, wildlife browse/cover. Easily trained as an attractive ornamental specimen.	5.00	45.00	10
YUKON WHITE BIRCH (<i>Betula neoalaskana</i>) White to pale brown bark contrasts with dark, glossy green leaves. Similar to but smaller than Paper Birch. Extremely cold tolerant.	4.00	35.00	10
RIVER BIRCH (<i>Betula nigra</i>) Absolute resistance to Bronze Birch Borer which attacks most other Birches. Dark cinnamon to light creamy brown bark peels in shaggy chunks. Excellent heat and cold tolerance. Withstands extended periods of flooding.	6.00	55.00	10
HERITAGE BIRCH® (<i>Betula nigra</i> 'Cully' Heritage®) Peeling bark in shades of tan, to creamy-white is lighter than most River Birches. Resistant to Bronze Birch Borer.	12.00	90.00	10
PAPER BIRCH (<i>Betula papyrifera</i>) Most ornamental of the native Birches. Bark is usually smooth chalk white and peels in papery layers, golden fall color. Also known as Canoe Birch.	6.00	55.00	10
EUROPEAN WHITE BIRCH (<i>Betula pendula</i>) Superb ornamental tree with peeling silvery-white bark. Pendulous branches offer a graceful effect.	7.00	30.00	5
JAPANESE WHITE BIRCH (<i>Betula plat.</i> 'Japonica') Pure white bark, shiny green leaves, yellow fall color. Tolerates summer heat better than European or Paper Birches. Fast growth.	6.00	55.00	10
EUROPEAN HORNBEAM (<i>Carpinus betulus</i>) Dark green foliage, yellow fall color. Excellent for screens, hedges, groupings.	5.00	45.00	10
COMMON HACKBERRY (<i>Celtis occidentalis</i>) Withstands heat, wind, much drought and alkaline soils. Deep rooted. Spreading crown, red-orange fruit.	4.00	35.00	10
KATSURA TREE (<i>Cercidiphyllum japonica</i>) One of the most beautiful small landscape trees. Brilliant red or yellow fall color.	5.00	20.00	5

Conifers

Species	cost per plant	discount cost per bundle	plants per bundle
WHITE FIR (<i>Abies concolor</i>) Withstands heat and drought better than other firs. Soft silvery needles.	2.00	15.00	10
ALPINE FIR (<i>Abies lasiocarpa</i>) Narrow, upright spire, dark blue-green needles. Slow growth.	3.00	25.00	10
COMMON JUNIPER (<i>Juniperus communis</i>) Densely branched shrub to small tree. Adapted to poor, rocky soils. Very drought tolerant, best in full sun.	2.00	15.00	10
ROCKY MOUNTAIN JUNIPER (<i>Juniperus scopulorum</i>) Rugged, native, drought tolerant tree with silvery-blue foliage. Upright form.	3.00	10.00	5
EASTERN RED CEDAR (<i>Juniperus virginiana</i>) Densely pyramidal tree, easily pruned. Very well adapted to dry sites.	3.00	10.00	5
AMERICAN LARCH (<i>Larix laricina</i>) Deciduous conifer with light green foliage. Bright yellow fall color. Fast growing. North American native.	2.00	15.00	10
WESTERN LARCH (<i>Larix occidentalis</i>) Well known western deciduous conifer with brilliant yellow fall color. Fast growing.	2.00	35.00	25
NORWAY SPRUCE (<i>Picea abies</i>) Very fast growing and cold hardy conifer. Excellent for windbreaks and screens.	4.00	35.00	10
ENGELMAN SPRUCE (<i>Picea engelmannii</i>) Light bluish needles, dense pyramidal form. Native throughout the Rockies.	3.00	25.00	10
BLACK HILLS SPRUCE (<i>Picea glauca densata</i>) Slow growing, compact tree. Bluish green foliage. Extremely hardy.	3.00	25.00	10
SERBIAN SPRUCE (<i>Picea omorika</i>) Narrow habit, glossy green needles are white underneath. Pendulous branchlets on older trees, purple cones.	4.00	30.00	10
COLORADO BLUE SPRUCE (<i>Picea pungens glauca</i>) Popular ornamental Spruce. Slow to moderate growth, branches to the ground.	5.00	20.00	5
SWISS STONE PINE (<i>Pinus cembra</i>) Extremely slow growing. Tight pyramidal form and dense foliage makes a great plant in small gardens.	3.00	60.00	25
ROCKY MOUNTAIN LODGEPOLE PINE (<i>Pinus contorta latifolia</i>) Tall slender tree with virtually no taper, thin bark with a clean trunk.	2.00	40.00	25
WESTERN WHITE PINE (<i>Pinus monticola</i>) Less spreading than Eastern White Pine, beautiful specimen. Excellent Christmas tree.	3.00	25.00	10
DWARF MUGO PINE (<i>Pinus mugo pumilo</i>) Very drought tolerant, low, dense-compact form.	2.00	15.00	10
AUSTRIAN PINE (<i>Pinus nigra</i>) Fast growing, widely planted for windbreaks and ornamental. Very adaptable.	3.00	25.00	10
PONDEROSA PINE (<i>Pinus ponderosa</i>) Fast growing native tree. Used for forest and timber trees.	2.00	15.00	10
SCOTCH PINE (<i>Pinus sylvestris</i>) A fast growing pine. Recommended for drier climates. Excellent Christmas tree.	2.00	15.00	10
BLUE DOUGLAS FIR (<i>Pseudotsuga menziesii</i> 'Glauca') Native landscaping, Christmas trees and reforestation. Bluer than west coast origins.	2.00	40.00	50
GIANT SEQUOIA (<i>Sequoiadendron giganteum</i>) Fast growth. Uniform pyramidal form when young. Bluish-green needles, red bark.	3.00	12.00	5
AMERICAN ARBORVITAE, WHITE CEDAR (<i>Thuja occidentalis</i>) Makes an elegant, narrow hedge either sheared or left to its natural pyramidal shape.	4.00	15.00	5
GIANT ARBORVITAE or WESTERN RED CEDAR (<i>Thuja plicata</i>) The best of all the Arborvitae for ornamental use. Dark green leaves, vigorous, fast growth.	4.00	15.00	5

Shrubs

Species	cost per plant	discount cost per bundle	plants per bundle
PURPLE SMOKEBUSH (Cotinus coggygria 'Purpureus') Purple leaves crowned by puffs of feathery-smoky pink blooms, best leaf color in full sun. Drought tolerant.	4.00	45.00	10
ROCK COTONEASTER (Cotoneaster horizontalis) Large spreading shrub, Fire blight resistant. Dark blue-green leaves, reddish brown in fall. White blooms, bright red fruit. Hedging, wildlife habitat and windbreak use.	3.00	25.00	10
HEDGE COTONEASTER (Cotoneaster lucidus) Ideal for rock gardens and small areas. Bright red berries and red fall color. Mounding form makes ideal excellent dense screen. Glossy green leaves.	5.00	45.00	25
DOUGLAS HAWTHORN (Crataegus douglasii) Large bush or prune to small tree. Dark green shiny leaves, black berries attract birds.	5.00	45.00	25
ENGLISH HAWTHORN (Crataegus monogyna) Small white flowers, red fruit. Ornamental, impenetrable hedge. Variable forms, low and wide to narrow and ascending.	5.00	45.00	25
DWARF BUSH HONEYSUCKLE (Diervilla lonicera) Mounding, spreading habit, best in full sun, tolerates some shade. Excellent bank stabilization. Yellow spring flowers on new growth, reddish fall color.	5.00	45.00	10
WINTERBERRY (Euonymus bungeana) Large rounded shrub or small tree. Ornamental pink fruit, pendulous branches, fall color.	4.00	35.00	10
WEeping FORSYTHIA (Forsythia suspensa) Upright arching habit provides "golden fountain" effect during early spring bloom. Yellow fall color. Will tolerate some shade/drought, best bloom in full sun.	4.00	35.00	10
FORSYTHIA VARIETIES (Forsythia var.) Early spring flowers appear before foliage. Hedging, borders, specimens. Lynwood Gold - brilliant, golden-yellow early spring flowers on upright stems. Northern Glory - upright habit, adaptable to most soils, considered to be pest free. Spring Glory - fast growth, upright arching stems. Sunrise - compact, dense habit, best in full sun.	5.00	45.00	10
CREeping WINTERGREEN (Gaultheria procumbens) Low growing, evergreen groundcover best suited for moist, partially shaded soils.	3.00	25.00	10
VERNAL WITCH HAZEL (Hamamelis vernalis) Excellent streambank erosion control, upright habit. Small yellow-red fragrant flowers in very early spring. Hardy, durable plant.	4.00	35.00	10
COMMON WITCH HAZEL (Hamamelis virginiana) Large shrub with open form, crooked branches. Prefers moist soil. Aromatic yellow flowers in late fall.	5.00	45.00	10
HYDRANGEA VARIETIES (Hydrangea paniculata var.) Compact - double white flowers, better suited for small landscapes. Grandiflora - large double white flowers, upright rounded form. Kyushu - large lacy white flower heads, July through Sept. Pink Diamond - pink buds open to very large white bloom clusters turning bright pink. Unique - very large white flower heads, dark green foliage.	6.00	45.00	10
WINTERBERRY HOLLY (Ilex verticillata) Deciduous upright shrub with brilliant 1/2" red fruit from late summer well into winter. Male and female plants for berries. Seed grown plants not sexed so buy several.	3.00	3.00	1
BEAUTY BUSH (Kolkwitzia amabilis) One of the most popular shrubs. Graceful arching branches covered in clusters of pale pink June flowers, red autumn leaf color. Likes sun but will withstand partial shade.	4.00	30.00	10
SCOTCH LABURNUM (Laburnum alpinum) Large shrub. Yellow flower racemes up to 16" long in mid-May.	5.00	20.00	5
COMMON PRIVET (Ligustrum vulgare) Popular, dense growing shrub is typically used to form a sheared or unsheared hedge. Foliage is dark green, white flowers.	4.00	35.00	10
TATARIAN HONEYSUCKLE (Lonicera tatarica) Dependable and hardy shrub for screens and windbreaks. White blooms.	3.00	20.00	10
OREGON HOLLY GRAPE (Mahonia aquifolium) Erect shrub 3' - rarely 6'. Glossy, green leaves are reddish in winter. Popular native evergreen shrub. Yellow spring blooms.	3.00	55.00	25
ROSELOW SARGENT CRABAPPLE (Malus sargentii 'Roselow') Exceptional ornamental. The only true Apple shrub. Profuse white flowers, 1/4" dark red fruit. Densely branched.	4.00	35.00	10
WILD MOCK ORANGE (Philadelphus lewisii) Masses of white, very fragrant spring blooms. Medium green leaves Yellow in fall. Good for hedges or specimen plantings, drought tolerant.	5.00	25.00	10
NINEBARK VARIETIES (Physocarpus var.) Nanus - small leaves, white blooms, dense, shade tolerant. Nugget - new golden-yellow foliage turns lime-green then bronzy in fall.	5.00	45.00	10
POTENTILLA VARIETIES (Potentilla fruticosa var.) Low growing vigorous shrub. Drought tolerant. Dakota Gold Rush® - deep golden blooms, dark green foliage. Jackmannii - golden-yellow 1 1/2" blooms, dark green to bluish green foliage. Katherine Dykes - lemon yellow 1" blooms, silvery-green foliage. Pink Beauty - double pink flowers, dark green foliage. Snowbird - double white blooms, glossy green foliage.	4.00	35.00	10
PURPLE-LEAF SAND CHERRY (Prunus x cistena) Delicate white flowers, purple-red foliage. Extremely hardy landscape shrub.	7.00	60.00	10
DWARF RUSSIAN ALMOND (Prunus tenella) Rose-pink flowers in early spring, narrow leaves. One of the best ornamental shrubs for cold climates.	4.00	30.00	10
ROSE TREE OF CHINA (Prunus triloba) Large shrub or small tree with single pink or white flowers. Foliage medium green in summer, turns yellow to bronze in fall.	3.00	75.00	50
SCHUBERT CHOKECHERRY (Prunus virginiana 'Schubert') Chokecherry selection with purple leaf color.	6.00	50.00	10
GOLDEN CURRANT (Ribes aureum) Erect shrub. Clusters of 2" long, bright, fragrant, golden-yellow flowers and colorful fruit attract birds. Native to the western U.S. Good red fall color.	5.00	45.00	10
RED LEAF ROSE (Rosa rubrifolia) - Seedling Leaves stay purplish red throughout the summer, single red-pink flowers. Elongated, deep red hips in clusters held above foliage. Cold hardy.	4.00	35.00	10
RUGOSA ROSE (Rosa rugosa) - Seedling Extremely vigorous and hardy. Deep pink to white single blooms, large hips, nearly 1". Excellent hedge. Very hardy. Widely planted in cold climates.	3.00	25.00	10
FRENCH PUSSY WILLOW, GOAT WILLOW (Salix caprea) Silvery-gray wooly catkins appear before leaves in early spring to create an interesting display.	5.00	45.00	10
FLAME WILLOW (Salix 'Flame') Compact, dense habit. Bark is orange-red. Golden-yellow, long lasting fall leaf color. Excellent landscape background or windbreak.	4.00	35.00	10
SANDBAR WILLOW (Salix interior) Native to the northern Great Plains. Forms thickets for bank stabilizaiton, riparian restoration or wildlife habitat. Moist or wet sites. Narrow, silvery leaves on smooth reddish brown branches.	5.00	45.00	10
AMERICAN ELDERBERRY (Sambucus canadensis) Wildlife habitat, shelterbelts in moist woodland areas, adaptable to a wide range of soils. Fruit used in jams, jellies and wines.	4.00	35.00	10
SPIRAEA VARIETIES (Spiraea var.) Hardy, low-maintenance shrubs. Mature sizes range from 15" to 4'. Dakota Gold Charm® - bright pink clusters, light gold foliage. Dwarf Red Spiraea - dense with bright red flowers. Froebel - pink flowers in flat clusters. Gumball - compact with pink clusters. Peppermint Stick - red and white blooms. Snowmound - white flowers, dark blue-green leaves.	4.00	35.00	10
SNOWBERRY (Symphoricarpos alba) Outstanding shrub. Bright snow-white berries are especially ornamental after the leaves drop. Attractive foliage. Good in partial shade and moist locations. Excellent for erosion control. Native, drought tolerant species.	4.00	35.00	10
EARLY LILAC (Syringa oblata) Pale purple blooms earlier than Common Lilac. Suckering multi-stem habit.	5.00	45.00	10
LATE LILAC (Syringa villosa) Blooms later than other lilacs. Flowers light rosy-lilac to white. Dense shrub.	5.00	45.00	10

Deciduous Trees

Species	cost per plant	discount cost per bundle	plants per bundle
EASTERN REDBUD (Cercis canadensis) Small multi-stem tree with purplish pink flowers before leaves. Highly ornamental.	4.00	90.00	50
FLOWERING DOGWOOD (Cornus florida) The best ornamental Dogwood native to the northern U.S. White flowers, brilliant red fruit, scarlet autumn color. Performs best in high shade. Widely planted.	4.00	35.00	10
AMERICAN BEECH (Fagus grandiflora) Dark green leaves turn golden-bronze in fall. Wide spreading crown, good for large areas. One of the best native trees in America.	6.00	6.00	1
PURPLE EUROPEAN BEECH (Fagus sylvatica 'Purpurea') Purple foliage fades to purple-green in summer heat. Good shade tree.	5.00	40.00	10
WHITE ASH (Fraxinus americana) Rugged, drought tolerant. Leaves turn deep purple or yellow in fall.	5.00	45.00	10
GREEN ASH (Fraxinus pennsylvanica) Vigorous, well-shaped, excellent for dense shade. Very hardy. Ideal tree to plant along roads and streets or in landscape.	5.00	45.00	10
THORNLESS HONEY LOCUST (Gleditsia triacanthos 'Inermis') Fast growing, upright spreading habit. Tolerant of a wide range of soil and climatic conditions. Good lawn tree. Seed propagated.	4.00	35.00	10
IMPERIAL CAROLINA POPLAR (Populus x canadensis 'Imperial') Narrow pyramidal habit. Recommended by USDA for disease resistance and very vigorous growth, up to 5-8' per year.	6.00	25.00	5
PRAIRIE SKY POPLAR (Populus x canadensis 'Prairie Sky') Narrowly upright form, spread 8' at maturity. Vigorous cottonless hybrid excellent for screens and windbreaks. Disease resistant and winter hardy.	6.00	25.00	5
COTTONLESS COTTONWOOD (Populus x canadensis 'Robusta') Seedless hybrid that does well in dry conditions. Ornamental, large glossy leaves.	6.00	25.00	5
SIouxLAND POPLAR (Populus x deltoides 'Siouxland') A superior cotton-less Cottonwood introduced by South Dakota State University. Pyramidal, very fast growing shade tree. Tolerates alkaline conditions and pollutants.	5.00	45.00	10
QUAKING ASPEN (Populus tremuloides) Fast growing native with yellow or red fall color, extremely cold hardy. Leaves flutter in the slightest breeze. One of our most popular plants. Greenhouse grown in plugs.	4.00	4.00	1
EUROPEAN BIRD CHERRY, MAY DAY TREE (Prunus padus) Early spring white flowers in long clusters. Dark green leaves leaf out earlier than most trees in spring. Fall color yellow to red. Excellent ornamental tree.	5.00	45.00	10
BLACK CHERRY (Prunus serotina) Highly prized wood grown commercially. Fruit used in preserves and wine. Excellent ornamental with deep green foliage.	4.00	35.00	10
ROCKY MOUNTAIN WHITE OAK (Quercus gambellii) Drought tolerant native. Shrubby to tall rounded crown. Acorns are excellent wildlife food. Good fall color. One of the best ornamental oaks native to the Rocky Mtns.	5.00	45.00	10
BURENGLISH OAK (Quercus macrocarpa x robur) Very fast growing hybrid of Burr and English Oak, grows 2' to 4' a year once established. Large crown. Alkaline soil adaptable. Recommended.	5.00	45.00	10
COLUMNAR ENGLISH OAK (Quercus robur fastigiata) Columnar habit (usually only 10-15' wide), more upright branching than specie. Excellent landscape specimen. Tolerates wide range of soils.	5.00	45.00	5
BLACK LOCUST (Robinia pseudoacacia) Fast growing, upright tree. Easily transplanted to any soil and climate, even under the toughest conditions. Excellent for reclamation or windbreaks. White spring flowers.	4.00	35.00	10
NIobe GOLDEN WEEPING WILLOW (Salix alba 'Tristis') Very fast growing in any soil. Graceful pendulous habit.	5.00	40.00	10
VIOLET WILLOW (Salix daphnoides) Smooth gray trunk. New stems are dark shining purple with bluish white bloom, dark glossy green leaves.	4.00	30.00	10
CORKSCREW WILLOW (Salix matsudana x tortuosa) Upright tree with unusual twisted branches and leaves.	5.00	45.00	10
EUROPEAN MOUNTAIN ASH (Sorbus aucuparia) Orange-red berry-like fruit attracts birds and hangs on until spring. Widely planted as an ornamental or for conservation purposes.	5.00	45.00	10
PEKING LILAC (Syringa pekinensis) A small tree Lilac. Flowers creamy white, densely crowded in large panicles. Golden bark, sometimes exfoliating in rich brown flakes.	3.00	25.00	10
LITTLELEAF LINDEN (Tilia cordata) White to yellow fragrant flowers and heart shaped leaves. Spectacular, dense growing shade or street tree.	6.00	50.00	10
ELSMO LACEBARK ELM (Ulmus parvifolia 'Elsmo') Selected for superior growth, longevity and resistance to insects and diseases. Good for windbreaks, recreational areas and urban environments.	4.00	35.00	10
JAPANESE ZELKOVA (Zelkova serrata) Related to elms but the most highly resistant to Dutch Elm Disease. Good street tree.	5.00	45.00	10

More Shrubs

Species	cost per plant	discount cost per bundle	plants per bundle
COMMON PURPLE LILAC (Syringa vulgaris) Fragrant lilac colored blossoms in May. Attractive green foliage. Good for screen or hedge.	5.00	45.00	10
LILAC VARIETIES (Lilac var.) Donald Wyman - reddish purple blooms about 2 weeks after Common Lilac. Minuet - purple-lavender buds open to fragrant, light lavender blooms. Mme. Lemoine - double, white, fragrant, spring blooms. Sensation - purple blooms outlined in clear white. Wonderblue - lavender-pink buds open to sky-blue blooms late spring.	6.00	55.00	10
AMERICAN CRANBERRY BUSH (Viburnum trilobum) White flowers in flat clusters in May. Red foliage in autumn with scarlet edible berries. One of our best northern native shrubs coast-to-coast.	3.00	25.00	10
VIBURNUM VARIETIES (Viburnum var.) Chicago Lustre® - glossy dark green foliage, creamy white flowers, blue-black fruit. Pink Beauty - white turning to light pink blooms, bright red fruit, reddish purple fall color. Raspberry Tart™ - dwarf shrub, creamy-white blooms, raspberry-red fall foliage. Red Feather® - new growth red, then developing feathery green veins, maturing to dark green. Shasta - dark green foliage, heavy cluster of white blooms, red berries.	6.00	50.00	10
WEIGELA VARIETIES (Weigela var.) Heavy flowering shrub. Colorful varieties make great accent plants or informal hedges. Mature sizes range from 3' to 6'. French Lace™ - dark red blooms. Pink Princess - deep coral-red blooms. Polka - pink blooms, dark green leaves. Red Prince - deep coral-red flowers. Variiegata - leaves edged pale cream, deep rose flowers. White Knight - white tinged pink flower.	5.00	35.00	10
ADAMS NEEDLE YUCCA (Yucca filamentosa) Creamy white flowers 2-3" across on 1-3' spikes. Most popular Yucca.	15.00	5	5
GREAT PLAINS YUCCA (Yucca glauca) Pointed leaves, large spikes of creamy to light green fragrant flowers. Good in dry soil.	15.00	5	5

Lawyer Nursery is a wholesale grower of trees and shrubs and has been in operation since 1959. We will be available to sell to the public this one weekend only.

Fruit & Nut Trees

Species	cost per plant	discount cost per bundle	plants per bundle
APPLES (Malus) Golden Delicious - best all purpose apple. Jonathan - medium size fruit, bright red, sweet, crisp and juicy. Ripens late fall. Lodi - tart flavor, good for cooking or fresh eating. Mid-summer harvest. Northern Spy - mostly a cooking apple with yellow-white firm flesh. Red Delicious - sweet, juicy with long storage life, ripens late Sept. to Oct.	12.00	55.00	5
CHERRIES (Prunus) Bing - old fashioned favorite. Excellent flavor, large dark-red. Ripens mid June-July. Lambert - dark red, heart shaped fruit. Ripens late June to mid-July. Lapins - commercial variety, bears heavy, firm dark red fruit. Rainier - sweet, yellow blushed red cherry. Ripens in July, good keeper. Royal Ann - large, sweet, juicy, yellow blushed red fruit. Excellent for fresh eating. Selah® - dark red sweet cherry. Ripens late July, does not need a pollinator. Sweetheart - self-fertile sweet cherry. Heavy crops of bright red fruit. Van - similar to Bing. Bears heavy every year. Cold tolerant.	12.00	55.00	5
NECTARINES (Prunus) Red Gold - glossy red and gold skin. Yellow flesh, good keeper.	12.00	55.00	5
PEARS (Pyrus) Red Anjou - red skin, golden-white flesh, smooth texture, stores well.	12.00	55.00	5
PLUMS & PRUNES (Prunus) Italian - dark purple fruit good for canning and drying. Self-fertile. President - blue skin and yellow flesh. Heavy producer. Satsuma - sweet, dark red skin, red flesh, medium sized fruit. Stanley - deep purple with yellow-green flesh, sweet flavor. Freestone.	12.00	55.00	5
